

# Clear the Clutter

Do you wish you could find what  
you want, when you want it?

Are you tired of looking at the pile  
of denial on the kitchen counter?

Would you like to walk through your  
home without tripping over shoes, toys,  
backpacks...for a change?

## You're not alone!

In my one-hour "Clear the Clutter" talk, I share easy strategies designed specifically to help parents of school-age kids:

- Get out of overwhelm and get started!
- Decide what stays and what goes without hours of deliberation and angst.
- Create systems to keep clutter at bay—for good!

## For example, you will learn how to:

- **Set up sustainable storage systems.** Keep clutter from coming back by giving all of your stuff a home.
- **Create a family command central.** Easily manage bills, play dates, and piano recitals in one central space.
- **Curb morning chaos.** Create a special spot for shoes, jackets, and backpacks so everyone gets out of the house with ease.

This talk is fun, interactive, and chock full of actionable tips. Invite me to your next group gathering and your friends, colleagues, and fellow moms will thank you!
