

## MEETING PREP | Q&A

You will get the most out of our work if you take a little time to think about your space and goals in advance. Please answer the following questions and bring them to our first meeting.

What room or rooms do you want to work on?

For each room, please answer the following:

How do you use this room?

Is there a new purpose or function you want from this room?

What's working? What do you like about this room?

What's not working?

How do you want to feel in this room?

Do you plan on purchasing anything new for this space?

What, if anything, are you willing to part with?

## MEETING PREP | FUN EXERCISES

- Spend a little time on [Houzz](#), [Pinterest](#), or any source of inspiration. Tag any photos or images that draw you in or inspire you.
- On the back of this page, make a list of all the changes you want to see in each room. Pretend that time and money are not issues. Prioritize the list for each room. Then prioritize the rooms. While this may feel “pie in the sky,” it’s actually very helpful. In many cases, we may identify easier, more affordable ways to get the outcome you desire.
